

HHG Memorial Walkway

Paver Purchasing Application

After the town was forced to remove the historic sandstone walkways from the Green in 2017 for insurance reasons, the Hopkinton Historical Group began working with the town to repurpose the original stones to establish a memorial walkway on the Village Green extending from the Museum to the Veterans' Gazebo. Alongside the walkway stones, pavers supplied by Willow Tree Florist and Landscaping will be available for public purchase and personalized engraving to commemorate the memory of a loved one. Our goal is to create a lasting tribute to the many people before us who worked to make our town the amazing and beautiful place that it is. We believe this walkway will further establish the Green as a focal point in the center of town that brings together all of us in the community. It will help us appreciate and celebrate our history, nurture our community connection in the present, and provide something of beauty and significance that can be enjoyed by generations into the future.
